APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the place of use and manner of use of the waters of an underground source as heretofore granted under Permit 18261 is issued subject to the terms and conditions imposed in said Permit 18261 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a measuring device must be installed in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. If the well is flowing, a valve must be installed and maintained to prevent waste. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.06907 cubic feet per second or sufficient water to water 3,000 head of cattle and 200 head of horses.

Actual construction work shall begin on or before December 25, 1975

Proof of commencement of work shall be filed before January 25, 1976

Work must be prosecuted with reasonable diligence and be completed on or before December 25, 1976

Proof of completion of work shall be filed before January 25, 1977

Application of water to beneficial use shall be made on or before December 25, 1977

Proof of the application of water to beneficial use shall be filed on or before January 25, 1978

Map in support of proof of beneficial use shall be filed on or before
